

ALTON      URBAN      DISTRICT.

COUNCIL OFFICES,  
ALTON. HANTS:

22nd August, 1951.

To

The Chairman and Members,  
ALTON URBAN DISTRICT COUNCIL.

Gentlemen,

I beg to submit the Annual Public Health Report of the Urban District Council for the year 1950.

The Health Services of the Town, as usual, have been maintained at a very satisfactory and high level. Questions related to Health have received prompt and efficient attention.

The Town remained very healthy throughout the year and there was no occurrence of any untoward outbreak of disease. The statistical figures compare most favourably with those of the Country as a whole. The incidence of infectious diseases has been low.

The appointment of Medical Officer of Health was held by me throughout the year.

My grateful thanks are due to Messrs. G.H. Webb, W.C. Berryman and C.L. Hunt for their most willing and efficient co-operation at all times. I am also indebted to the entire Public Health Staff for the efficient manner in which they have carried out their duties.

Yours faithfully,

T.D. MURISON.

Lt. Col. I.M.S. (Retired).

## DIPHTHERIA IMMUNISATION :-

A total of 378 Immunisations were carried out during the year, i.e. 109 Primary and 269 "Booster" or Re-enforcing Injections.

## WATER SUPPLY :-

The supply of water to the town is satisfactory both in regard to quality and quantity. Bacteriological and Chemical examination of samples taken from the mains have proved satisfactory. The proposed piped supply of water to Beech has been approved by the Ministry of Health. Pipes and fittings are now on order and tenders for the completion of work are to be called for during the coming year. All rivers and streams within the area are under the jurisdiction of The Thames Conservancy Board.

## SEWERAGE :-

The Sewage Works, though heavily overloaded, produces a fair effluent. The alteration of the present sewage disposal works to the alternate "Double Filtration Process" is still with the Ministry of Health for their consideration. No final approval has as yet been received from the Ministry. Samples of effluent from the Works are sent regularly for analysis.

## PUBLIC CLEANSING :-

The collection of house refuse and salvage and the scavenging and cleaning of roads, footpaths and alleyways is being carried out satisfactorily.

## SHOPS & BAKERIES :-

The provisions of the Food & Drugs Act 1938 are being rigidly enforced in the town with satisfactory results.

## CAMPING SITES :-

The Council has approved of 4 sites for individual Caravans making a total now of 7 such sites.

# INSPECTION AND SUPERVISION OF FOOD :-

## (i) Milk and Dairies.

During the year, the Council took over the supervision of two new pasteurising plants on behalf of the County Council. Both plants employ the "Holder" method of pasteurisation. During the year 12 samples of Pasteurised and 12 samples of T.T. Pasteurised Milk were sent for analysis with satisfactory results.

## (ii) Ice Cream.

These premises are kept under close supervision. Only one retailer manufactures ice cream in the town, whereas the remainder sell pre-packed or loose ice cream, bought in bulk and stored in suitable refrigerators. During the year three premises were registered for the sale of ice cream.

## (iii) Meat and Other Foods.

Every animal slaughtered at the Ministry slaughterhouse has been inspected. The Manager and Slaughtermen have again been very co-operative.

### GENERAL PROVISION OF HEALTH SERVICES :-

The provision of Health Services in the area remain the same as in the past. Their existence is of incalculable value to the General Public. These include the services of Local Authority Officers, i.e. Assistant County Medical Officers, Dental Surgeons, Inspectors of Foods & Drugs, Health Visitors and District Nurses and Midwives.

The Local Authority has provided facilities for the chemical and bacteriological examination of all food stuffs, milk, water and also for the examination of clinical material. Provision has been made for Child Welfare Centre, Anti-natal and Orthopaedic Clinics. Facilities exist for nursing in the home by District Nurse and Midwife.

The Inwood Cottage Hospital, Lord Mayor Treloar Hospital and the Infectious Diseases Hospital meet all the requirements of the town in the matter of treatment and care of Medical, Surgical and Infectious cases. Provision has also been made outside the area by the Local Authority for the care and treatment of small pox, orthopaedic puerperal sepsis and ophthalmia neonatorum and maternity cases. Sanatoria for the reception and care of tuberculosis also exist outside the area.

Two Maternity and Nursing Homes maintained by private enterprise are situated in the area. These premises are registered and regularly visited by Officers of the Local Authority. The regular inspection of "Boarded out" children is carried out by Officers of the Local Authority and the submission of necessary returns in regard to new admissions is made to the Local Authority

An Ambulance Service is maintained in the area for the transportation of medical, surgical and infectious cases.
